

THINK PRIEST LED DUAL LIFE

Convinced Confessed Murderer of Anna Ammiller Has for Years Enacted Role of a Criminal Mastermind.

New York, Sept. 17.—Developments late last night in the case of the Rev. Hans Schmidt, confessed murderer of Anna Ammiller, convinced the authorities that the priest whose crime had started the entire country has for years enacted the role of a criminal mastermind.

Evidence secured by the police shows that Schmidt has for years lived the dual life of priest and criminal. He was clever enough to qualify for the priesthood, has many times proven himself to be a forger of remarkable cunning, showed his skill as an artist in copying engravings for counterfeit \$10 and \$20 bills, possessed sufficient mechanical ability to coin the counterfeit currency, and is now known to have practiced in certain branches of medicine both in Germany and the United States.

Muret Unable to Furnish Bond. Muret was arraigned in the Harlem court Tuesday, charged with having a loaded weapon in his possession in violation of the Sullivan law. He was held in \$5,000 bail, which he was unable to furnish. Bertha Zech, who said she acted as servant in Muret's dental office, and who was arrested at the same time, was released after Muret had been held in bail.

Chief William J. Flynn of the secret service arrived here Tuesday and when informed of the find made by the police when they raided a flat rented by Schmidt and Muret, announced that he would swear out a warrant for the arrest of Muret on the charge of counterfeiting. At the same time Chief Flynn announced that the description of the two men was identical with that given of two men who have been reported passing spurious \$20 gold certificates in Boston, New Haven, Springfield and other New England towns.

Denies Counterfeiting Charge. When examined by the police Muret denied the police to connect him with the murder of the Ammiller girl or to show that he was aware that Schmidt had killed his sweetheart. He also denied knowing anything about the counterfeiting operations, despite the fact that several persons identified him as the man who rented the apartment where the tools and materials for making the bills were found. Muret stated the flat under the name of George Miller, and Schmidt, who has been identified as the man who accompanied him when renting the flat, said they were students and wished to experiment.

The police found that Muret was practicing dentistry without a state license.

Says God Gave Him Plate. Father Evers, chaplain of the Tombs, was one of the first to visit Schmidt Tuesday and remained with the prisoner for some time. One of the first admissions made by Schmidt to Father Evers was that he was interested with Muret in making counterfeit bills. When asked where he got the copper plate for printing the back of the \$20 bills, Schmidt replied: "God gave it to me."

Schmidt said that the distribution of money between the poor and the rich was too unequal and that he intended to distribute half of the money he made among the poor in the United States and the balance among the poor in his native country.

Fire Threatens Residence Section. Chardon, O., Sept. 17.—Fire threatened the residence section in the vicinity of South Hamden and Huntington when a barn in the rear of the home of Joe Curtie burned with a horse, automobile, ducks, and garden tools.

Murray Goodrich, Western Reserve law student, returning from a dance, discovered the fire and gave the alarm. Many residences were burned slightly. Spontaneous combustion is believed to have caused the fire.

Bad Fire in Ohio City. Lima, O., Sept. 17.—Fire which started in a livery barn in the southern business and manufacturing district spread to the lumber yard of the W. P. Bloom Co., which soon was destroyed, and threatened a wide district. A general alarm was sounded and all apparatus in the city fought the flames. The flames spreading from the lumber yard invaded a number of livery stables and barns on S. Central-av.

Flying Duellist Beheads Opponent. Aberdeen, Miss., Sept. 17.—Dr. H. F. Broyles, owner of a big hotel here, and E. F. Hendrix, wealthy Tennessee lumberman and congressional nominee, killed each other in a pistol and ax duel at the depot, following a quarrel over a lumber deal. Hendrix, fatally shot by Broyles, seized an ax and severed Broyles' head, then collapsed.

Three Hurt in Train Wreck. Philadelphia, Sept. 17.—Three persons were injured by the turning over of the three rear sleeping cars of the Philadelphia night express on the Pennsylvania railroad. The accident occurred at Coatesville.

Oh, Joy! The corn is waving in the field. The beans denote a handsome yield. All nature smiles, and it's a "pipe" that success will soon be ripe.

Bad Effect of Imagination. "How's your husband, Mandy?" "He's pol'y, miss, very pol'y. He ain't able to do nuffin' at all." "What the trouble?" "Why Jos' a few weeks ago I axed him if he couldn't carry your washin' to your home, ma'am, and de idee give him such a stich in de side dat he lost 'bout sick all de time."

His Favorite Flour. McMaisters was walking with a beautiful girl in a wild New England wood. "What is your favorite flower, Mr. McMaisters?" the girl asked softly. McMaisters thought a moment, then he cleared his throat and answered: "Well, I believe I like the whole wheat best."—Washington Star.

We should all forgive our enemies, especially if they have us down.

MISS MARIE TAYLOR

Grand Duke Michaelovitch, cousin of the czar, has declared that Miss Marie Taylor, daughter of Mr. and Mrs. Loo Taylor of New York, is the most beautiful girl in the world.

INFERNAL MACHINE SENT TO GEN. OTIS

Contained Enough Dynamite to Wreck a House.

Life of Los Angeles Times Proprietor Saved When Japanese Servant Becomes Suspicious of Death Missile.

Los Angeles, Sept. 17.—An infernal machine, cleverly constructed and containing enough dynamite to wreck a house, was received Tuesday by Gen. Harrison Grey Otis, proprietor of the Los Angeles Times, at his residence, near Westlake Park.

The fact that a Japanese servant became suspicious saved the life of Otis and the members of his family, all of whom were at home. The infernal machine was arranged so that it would explode by sliding a box lid. Concealed in the box were two sticks of 85 per cent nitroglycerine. The sticks were connected with caps and fuses. Matches had been placed upright in the box, and the removing of the cover would have instantly exploded the dynamite.

Gen. Otis was in his study when his mail was carried to him. The servant had removed an outer wrapping of the mail box and became suspicious, peering under one corner of the cover and seeing one of the matches.

"It's dynamite," he told his employer. The police were notified and the box taken to central station. An immediate investigation by the police and federal authorities was started. It was found that the box had been mailed in a fashionable section of the city. That the dynamite was not exploded while being handled at the postoffice is considered remarkable.

The Times is the newspaper whose plant was destroyed in October, 1910, as part of the dynamiting activities of James McNamara and Orville E. McManis. At the time of its destruction a dynamite bomb was sent to Otis.

CHAMPIONS WOMEN'S RIGHTS

Ohio Official Proposes to Have Wives Share in Their Husbands' Prizes Won at State Fair.

Columbus, O., Sept. 17.—Woman's rights have found a champion in A. P. Sandles, president of the state agricultural commission, but this time it is the right of women to share in their husbands' trophies won at the state fair. Instead of giving clumsy loving cups, which serve only to clutter the mantelpiece, Mr. Sandles now proposes to give table silverware to the eight royal champions in live stock exhibits at the state fair.

He has written to the prize winners asking their opinions. They can get knives, forks, spoons, cake or fruit dishes, or any other tableware in silver they wish.

Indict Doctor in Girl Case. Newark, O., Sept. 17.—The Licking county grand jury returned an indictment against Dr. Cary F. Legge, a prominent Newark physician, who is charged with performing an illegal operation upon Helen McAndrews, 16, of Columbus, who died here Aug. 6. Dr. Legge says he will prove his innocence. The girl is said to have made a dying statement before a priest and notary public, naming Dr. Legge.

Schoolboy Is "Branded." Dowagiac, Mich., Sept. 17.—Harvey Beach, local high schoolboy, is seriously ill as the result of being "branded." He charged to police that while on a visit to Benton Harbor last week a crowd of students cut the initials "B. H." into his hands and face and poured nitrate of silver into the wounds.

Boy Drops Far to Death. Woodstock, Ct., Sept. 17.—Five thousand persons saw 13-year-old George Bernier drop 500 feet to the earth after being carried up at the end of the guy ropes of a balloon.

His Duty. Policeman (loquiter)—I seen my duty an' I done it. I says to the captain, "There's a guy runnin' a tough joint down the street." The captain says to me, "Go pull"—an' I starts to go—"his leg," says the captain. So I seen my duty an' I done it.—Judge.

And Some Wall Street Goats. Over 1,000,000 animals were slaughtered in New York last year, but at that a lot of asses managed to make their getaway.—Philadelphia Inquirer.

WILL NOT REHEAR HOME RULE CASE

Supreme Court Turns Down Hogan's Application.

Special Columbus Correspondent. Columbus, Sept. 17.—Cities that adopt charters may provide any method they please for the selection of their officers. This is the dictum of the supreme court in denying the application of the attorney general for a rehearing of the Cleveland charter case. Because the court was a tie in its decision in this case, three votes to uphold the decision of the lower court and three votes to reverse it, the attorney general concluded to ask for a reopening of the case in the hope of getting a majority ruling. After retiring from the bench Tuesday afternoon the members of the court took a vote on the application, deciding not to allow it.

Will Pay More Taxes. Electric light companies will pay taxes on a valuation of \$36,653,800 next year, which is an increase of more than \$6,000,000 over the past year. The state tax commission has just made known the new valuations. The Cleveland Electric Illuminating Co. will pay on the highest valuation.

Mr. Maddox is one of the members of the state moving picture censorship board.

of any in the state, having been appraised at \$16,515,560, an increase of more than \$2,000,000 over the preceding year. The Youngstown Consolidated Gas & Electric Co., with a valuation of \$3,373,880, increased from \$3,149,370, is the second largest concern. The Dayton Power & Light Co., increased from \$2,805,530 to \$3,310,000, is third, and the Canton Electric Co., increased from \$1,752,770 to \$1,760,980, is fourth.

For Relief of Blind. Under the provisions of the new Deaton law Gov. Cox has appointed a commission for the relief of the blind. The appointees are Dr. E. B. Foltz of Akron, appointed for two years; William K. Rogers of Columbus, appointed for three years, and Henry Boesch of Akron, appointed for four years. Boesch is blind.

Will Give Free Lectures. To encourage rural lecture courses, Frank W. Miller, state superintendent of instruction, and his four agricultural supervisors have decided to give free lectures in all counties of the state. After the superintendent and his supervisors inspect a school in the afternoon they will remain in the community and give the lecture at night. It will mainly treat upon the benefits of agriculture.

What Hogan Thinks. Attorney General Hogan does not believe that an Ohio corporation will have to have been organized at least a year in order to be eligible to a saloon license. However, the manager of such a corporation must have all of the qualifications exacted from the average saloonkeeper under the license law.

Shun Freak Fashions. Ohio State university co-eds, rushing into Columbus by the hundreds for the opening of the new university year, promise to have a sobering effect upon extravagant styles of feminine attire. Observers who have been noting the garb of the 1,000 or more college girls note that the great majority of them are scornful of the outrageous fashions in favor of the more conservative lines of apparel. Thus far the slit skirts have been few and far between, insofar as the college feminine world is concerned. True, most of the girls wear skirts that are alarmingly short, but this in the main is due to their youth. And a college girl must be out in all sorts of weather—another excuse for the abbreviated rather garment. But, on the whole, the fair co-eds are very soberly and very conservatively attired, albeit very charmingly.

Mother of Eighteen Children. "I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boone Mill, Va. "I suffered for five years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken three bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to, and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boone Mill or vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by all dealers.—Adv.

Health For You

—or not a single penny of cost, because we will pay back—shall esteem it a privilege to do so—every cent of your money unless you are in every way satisfied with the remedies we sell you. No red tape, no formality, nothing to sign, no hesitation—your money back unless

YOU CAN'T AFFORD TO NEGLECT YOUR HEALTH WHEN REXALL REMEDIES ARE GUARANTEED TO RELIEVE OR YOUR MONEY BACK

"Rexall Remedies"

do all for your health that you expect them to. That's how much faith we have in them. We can't do more than that. You can't ask

more. We prove our faith. We believe in Rexall Remedies and believe they will come nearer helping you than any other. Can you afford to experiment with other remedies in the face of this guarantee? Here are a few of the most widely used of the more than 300 Rexall Remedies—each specially compounded for the treatment of a particular ailment.

For the Bowels

Probably nothing has more influence upon the general health than the condition of the bowels. We honestly believe that

Rexall Orderlies

are the best bowel remedy ever made—the most pleasant to take, the most permanently beneficial for relief from the misery and dangers arising from constipation.

Rexall Orderlies taste just like candy. Soothing and easy in action, they do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles and to promote better spirits and better health. In all these things Rexall Orderlies are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take, but which usually leave the bowels in worse condition than before. We particularly recommend Rexall Orderlies for children and aged persons.

In vest pocket tin boxes—12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

For the Nerves

To overcome nerve and tissue waste, whether resulting from overwork or excess, or from severe and wasting diseases, or from any other cause, and to aid in toning up and building up the system when such an unpleasant condition exists, we particularly recommend

Rexall

Americanitis Elixir

Upon the condition of the nerves depends, to a great extent, the general health of other organs. Rexall Americanitis Elixir may well be termed a nerve-food tonic, for it is designed to meet the needs of those who are run down and nervously prostrated, by helping to overcome nerve-waste, blood-poverty and tissue-starvation.

Containing phosphorus in combination with glycerine, lime, soda, phosphate of iron, quinine, and other well-known valuable rebuilding and revitalizing agents, the use of Rexall Americanitis Elixir tends to restore the nervous system to its normal healthy state and thus to assist in a general building up of weight, strength and energy.

75c and \$1.50

For the Stomach

It is not what you eat, but what you digest and assimilate that does you good. Our experience with

Rexall

Dyspepsia Tablets

leads us to believe them to be the most dependable remedy known for indigestion and chronic dyspepsia. They contain pepsin and soda, two of the greatest digestive aids known. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders. Rexall Dyspepsia Tablets also, by helping to bring about liver secretion of digestive juices, promote nutrition, thereby increasing the amount of good one gets from the food eaten.

We know what they are made of and have the utmost faith in them. We recommend them to customers every day, and have yet to hear of one who has not been benefited. 25c, 50c, and \$1.00.

For Nose and Throat

Neglect of catarrh tends to aggravate it and cause a spread of trouble to other organs, particularly the stomach and bowels. For catarrh, whether chronic or local, we recommend in combination with Rexall Catarrh Tablets or Rexall Catarrh Jelly, or both, as conditions demand.

Rexall Mucu-Tone

Rexall Mucu-Tone is a general tonic treatment to stimulate the kidneys, regulate the bowels and overcome the various disturbances in other organs that may have been caused by and which are being aggravated by such discharges from the mucous membranes of the nose and throat as have gotten into the alimentary canal. Rexall Mucu-Tone should accompany the local treatment in all cases of catarrh in order to insure the most thorough and quickest results.

Rexall Catarrh Tablets

—to be dissolved in water and used as a douche or spray—are to insure surgical cleanliness. They are antiseptic and have a gratefully soothing, cleansing action on the mucous linings of throat and nose, helping to reduce inflammation and pain.

Rexall Catarrh Jelly

Is for the pain and stopping up that comes from head-colds, which are usually worse when the patient has catarrh. Soothing, cleansing, antiseptic, it helps to promptly clear out the passages, to relieve the pain, and to make breathing much easier. We believe it the ideal treatment for catarrh is

Rexall Mucu-Tone, in combination with either Rexall Catarrh Tablets or Rexall Catarrh Jelly, or both. Rexall Mucu-Tone, 50c and \$1.00. Rexall Catarrh Tablets, 50c. Rexall Catarrh Jelly, 25c.
